FEVER-TREE

MIX with the BEST

Aperol Blood Orange Spritz

ITALIAN BLOOD ORANGE SODA

You can never have too much orange in an Aperol Spritz. That's why, instead of regular soda water, this spin on the classic aperitif adds Fever-Tree Italian Blood Orange Soda and a thick orange wedge, to make each sip as juicy as possible. Without Prosecco this recipe makes a delcious lighter alternative.

DIFFICULTY: 1

GLASSWARE: SPRITZ

INGREDIENTS

SERVES 1

Fever-Tree Blood Orange Soda	150 ml
Aperol	50 ml
Ice	Lots
Orange	1 Wedge

METHOD

Step One: Fill a large wine glass, or Copa glass with ice cubes.

Step Two: Add the Aperol.

Step Three: Pour in the Fever-Tree Italian Blood Orange Soda. Garnish with an orange wedge.
