Pink Gin & Tonic

REFRESHINGLY LIGHT AROMATIC TONIC WATER

The Pink Gin and Tonic, sitting in a cocktail bar, orange rind to one side – or any other citrus fruit to put in pink gin you prefer for that dash of sweetness – is more than just a drink: it's an icon. When it comes to how to serve a Pink Gin and Tonic, it's a beautiful blend of style and substance. This is perhaps the downright fanciest of cocktails out there, after all.
